

Dear Prospective Client,

Due to the nature of your business operations I am taking the liberty of sending you my offer for translation services.

I am an individual translator providing specialized regular and sworn/certified translations in the area of finance and law (EN-FR-PL). I frequently translate statutes, articles of association of funds and companies, prospectuses and annual and semi-annual reports of Luxembourg-based SICAV funds and other funds from different jurisdictions all over the world, Pre-IPO, IPO and SPO documents, Terms of Reference for public contracts, management accounting manuals, issue prospectuses, judgments of the European Court of Justice in Luxembourg, financial statements, contracts, agreements, underwriting arrangements, terms for structured products... and many others.

#### What I am able to offer and what a difference I make

- ✓ **Qualifications and expertise**      **Diploma in Translation** awarded by the **Chartered Institute of Linguists in London (Business & Law)**  
  
**Extensive practical and field knowledge** necessary to fully understand and convey the meaning of translated documents (**Warsaw School of Economics, London Chamber of Commerce & Industry**)  
  
**20-year translation and interpretation experience** (my own business since 1999)
- ✓ **Multi-cultural background**      After **15 years in Luxembourg** (translations of **fund- and banking-related legal & financial materials** for **local and international organizations**) I recently moved back to **Poland** in order to **pursue my professional career** in my native country)
- ✓ **Confidentiality**      **Dedicated mail account under my own domain on my own server** used exclusively for communication with clients and a controlled flow of documents
- ✓ **Availability**      **Very fast turnaround** (even more than **8,000 words per day**) while keeping an impeccable quality. For large and urgent projects, I am not able to handle myself (over 8,000 words per day) I have a **supporting team of experienced translators** (experts in their field) to help me  
  
Thus, **timely and high-quality translation** of the client's projects is **always guaranteed**
- ✓ **Proofreading**      Every text is proofread by a **native speaker** (unless a given project deadline is too tight)
- ✓ **Reliability**      Reliable performance acknowledged by a **long list of clients**
- ✓ **Terminology management**      **Internal consistency** of translated documents thanks to application of specialist **CAT and TM tools** supporting translation processes

Please consult my pricelist, terms and conditions and selected references in the appendix attached to this proposal. More information about my services, experience, references and projects available at URL addresses stated in the footnote below.

I hope you will find my offer interesting and do not hesitate to use my services.
