Summary of Qualifications

- Bilingual Engineer, B.Sc, born, raised and educated in Japan; moved to the UK in 1972 then to the USA in 1988.
 - 25 years experience as a self-employed interpreter, specializing in the engineering, pharmaceutical and medical device industries as well as business fields.
 - Extensive interpreting experience encompassing more than 45 internal and government (FDA/PMDA) audits at pharmaceutical/medical device plants in the USA, Canada, EU countries, Turkey, India and Japan. Member of the Regulatory Affairs Professionals Society and Core Certification Healthcare Interpreter™.
 - Excellent simultaneous and consecutive interpretation skills with the ability to bridge cultural gaps as a result of over 40 years spent living in Britain and the USA and working in countries in Asia, Europe, Oceania and North/South America.
 - Unique administrative and management skills in international business – including CAD design, manufacturing, negotiating/setting up import/export, under-license businesses and wholesale/retail businesses in Europe, Australia and Japan.
-
