TO WHOM IT MAY CONCERN

The present is to confirm that Mr. Nelson Herrera has worked for me as a translator (English to Spanish) and he was in charge of a big translation project for a training course for aircraft electricians. His work has been very appreciated both by my revisers and clients. I would like to mention that my clients are very well-known in the aerospace industry all over the world.

I would like to mention that he was very familiar with the technical terminology related to electrical and avionics systems. Moreover, he observed the tight deadlines that were imposed to him.

Should you need further information, please feel free to contact me anytime by phone, fax or e-mail.
