
Mohamed Ismaiel Oweida

Mobile: 00966555487144

E-mail: mohamed_oweda@yahoo.com

Profile: Work Experience, 18 years; include +10 years in King Dom of Saudi Arabia

Personal Information:

Nationality: Egyptian

Birth date: 11/12/1975

Language: Arabic mother tongue; English very good

Gender: Male

Marital Status: Married

Number of Dependents :2

1- INGENIA POLYMERS, JUBAIL Secondary Industrial Area, KSA

December 2011 – Present

Position : Maintenance Manager

Key Responsibilities:

- Responsible for the respect of all procedures lock out / tag out, shut down, start-up and safety by maintenance technicians.
- Work closely with the production and quality control departments to integrate performance preventive, predictive and proactive maintenance works.
- Responsible for the respect of risk assessment, hazardous reports and near miss safety reporting.
- Controlling of preventive, predictive, reactive and corrective maintenance using SAP Program.
- Control of the execution in due time of all maintenance tasks: walk around, production line daily inspection, condition based sheets and machine running hour records.
- Supervised maintenance management staff and conducted performance reviews of workers and technicians; perform daily, scorecards, weekly and monthly personnel activities.
- Improving of master batch, super blends, grinding and compounding operation in petrochemical Technology.
- Performing the preventive maintenance in performance and calendar based.
- Quarterly do stock spare parts inventory using SAP system;
- Perform yearly budget, Identify and purchase the spare parts (MRP) and strategic equipment along year using SAP program;

**2- POWER AND WATER UTILITY COMPANY FOR JUBAIL AND YANBU
(MARAFIQ) - JUBAIL Industrial City, O & M Center - KSA**

1st June 2008 – to 1st Nov. 2011
Mechanical Design Supervisor

Key Responsibilities:

- Perform Scope of Work for all Engineering Operating Systems; including the Contractor works responsibility, the facilities Requirements, Technical Specifications requirements, Deliverables, Codes, Standard and References and Bill of Quantities in addition to create Purchasing Request (PR) on the SAP System, Design Basic Memorandums (DBM) and TSR Reports.
- Do the Technical Evaluations for all Mechanical Parts in any CAPEX / OPEX Projects by using Technically Full Details Description XL Sheet.
- Reviewing Engineering Design Consultancy Package from 30 %, 60% and 90 % up to IFC Drawings and Construction Drawings under Design Phase; specially working with Royal Commission (RC) Projects in JUBAIL Industrial City - KSA.
- Supervision for all Engineering Projects under Construction Phase till close out phase.
- Critically reviewing design documentation (drawings, calculations and specifications, data sheet, P&IDs, PFDs, IFC and AS-BUILT DWG.) at all design stages from concept to construction documentation and providing valuable design input and direction. .
- Responding to site RFIs, conducting reviews of specialist suppliers or contractor prepared designs, and attending site meetings to resolve construction issues.

3- EGYPTIAN PETROCHEMICAL COMPANY (EPC) – Alexandria, Egypt

1st January 2001 to 1st -April 2008
Senior Design Engineer

Key Responsibilities:

- Built-up a Pressure Vessels (such as boilers and towers (by ASME SEC. I & SEC VIII DIV. 1 standard)) , The standards which I used it to make
- Built-up heat exchangers (by ASME, TEMA and API 662 for shell and tube H.EX).
- Built-up low pressure and atmospheric verticals welded tanks (by API 650).
- Proficiency in the design of sustainable HVAC systems including air cooled as well as water cooled central plants.
- Knowledge of various design codes such as British Standards, ASHRAE, NFPA, SMACNA, IPC, IMC and other International design codes.
- Field of sewage pumps station; oxidation bond system, handling clean & sludge water pump station, distillation of sea water, water treatment by chlorination system.

Skills:

- 1- Establish and maintains effective working relationships with operation staff.
- 2- Very flexible due to the nature of the work.
- 3- Good level of business,ethics, honesty.

Objective:

Hard worker, Fast learner, Adaptable, Flexible, Dynamic, creative, Excellent work under pressure; loyal, positive thinking and spirit ,self-motivated Seeking an Excellent Career with a Capittally Multi-international Companies to improve my skills.
