

MEDICINE | ENGINEERING NATURAL SCIENCES

State-certified expert interpreter

With a professional academic interpreting education in the field of medicine, which is unique in Germany, as well as in engineering and natural sciences, I understand your subject as well as only your colleagues and partners do.

I interpret complex specialist knowledge at the highest level. Therefore, you can rely on my professional and qualified support.

CONFERENCE INTERPRETER MA, ENGLISH-GERMAN

With a Master's degree in your home country, I am at home in both cultures! This makes me the ideal partner to help you overcome linguistic and cultural barriers and convey your message precisely and accurately. As a conference interpreter with many years of experience at top-class events, I will support you adequately.

My membership of my Professional Association for Conference Interpreters (VKD) assures you of quality assurance and guaranteed confidentiality right from the start.

CONSULTING | ORGANISATION

Consultant interpreter

If required, I can offer you individual specialist consulting on the linguistic implementation of your event. I develop tailor-made solutions for you, organise the appropriate interpreting equipment, put together multilingual interpreting teams and ensure that everything runs smoothly before, during and after the event.

Take advantage of my professional and intercultural skills for your successful appearance on the international stage!
