# Professional activity

In 2022, I translated about 540 000 words, which is a total of about 4 million words since I started working as a freelance translator in 2015. I also continue my role as a proofreader in the Edvenn language school proofreading team in Brittany.... I work on the principle of "into the mother tongue", i.e. only from German/English into French, in order to offer you the best possible quality.

"Is translation a woman! If she is beautiful, she is not faithful, and if she is faithful, she is not beautiful? Yergeny Yertushenko

I am a professional freelance translator and native French speaker living in Brittany in the Gulf of Morbihan. I started my professional career as a translator in an engineering firm dedicated to the construction and modernisation of food processing plants. We were three translators working with German and French engineers. Our job was to translate the specifications. the terms of reference. the contracts and the descriptions that our German correspondents gave us for the French clients. The contracts were worth millions of francs and it was with great humility and care that we created glossaries. translated and corrected each other.

Today. I am a full-time translator and translate a wide variety of German and English documents.

# Extracts from translations

It is important to me that you have an overview of my work.Below are some extracts that you can read on my website: https://traducat.com or (in English) https://traducaten.wordpress.com

MARKETING:	MARKETING:
Im Gegensatz zu Jubiläen anderer Unternehmen und Marken - die in ihren Jubiläumsaktivitäten üblicherweise den Fokus auf die Vergangenheit bis zur Gegenwart legen - geht dieses Konzept einen für das Unternehmen XXX typischen, eigenständigen Weg und setzt den kommunikativen Schwerpunkt auf die Zukunftsorientierung des Unternehmen und seiner Marken.	À contrario des jubilés d'autres entreprises et de certaines marques qui se focalisent sur le thème historique, du parcours passé-présent, le concept de l'entreprise XXX prend un tout autre chemin et met l'accent dans sa communication sur l'orientation future de son entreprise et de ses marques.

LITERATUR:	LITERATUR:
Die ,rechte Seite der Erde' bezeichnet nicht – so meine These – die auf einem statischen Kartenbild nach absoluten Koordinaten gezeichneten Ostteile der Welt, wie es die Forschung bislang angenommen hat; vielmehr ist es hier mit einem relativen Orientierungssystem zu rechnen, das sich nach dem subjektiven Gesichtspunkt der sich bewegenden Handlungsfigur (Ruggiero) orientiert.	Le côté droit de la terre » ne se réfère pas - selon ma thèse - aux coordonnées absolues de la partie orientale du globe inscrite sur une image cartographique statique comme la recherche l'a admis depuis longtemps ; mais plutôt ici, à la manière de compter avec un système d'orientation relative d'après la perspective subjective de personnages d'action (Ruggiero) en mouvement.
BETRIEBSANLEITUNG:	BETRIEBSANLEITUNG:
1.1. Sorgfaltspflicht des Betreibers Die Sicherheit während des Betriebes der Schleuderplatte kann nur dann erreicht werden, wenn alle dafür erforderlichen Maßnahmen getroffen werden. Es unterliegt der Sorgfaltspflicht des Betreibers der Anlage, diese Maßnahmen zu planen und ihre Ausführung zu kontrollieren.	I.I. Obligation de diligence de l'utilisateur La mise en sécurité durant l'utilisation du plateau d'accélération peut être atteinte uniquement si toutes les mesures nécessaires sont réunies. Dans le cadre de l'obligation de diligence de l'utilisateur, il appartient à celui-ci de planifier ces mesures et d'en contrôler la bonne exécution.

#### Comment from proofreader

Just found 2 typos. I like I how you have taken a step back from the previous translation to make it better. The first version was not great but you have completely changed it and used the appropriate register and tone. Ο
