## WHAT I'M PASSIONATE ABOUT?

Giving back to my family and community is what drives me, and knowledge is what inspires me. I feel obligated to learn all that I can, so that I am better equipped to make meaningful contributions in the lives of others. Thus, I am always ready to further enhance skills and accomplishments. My goals are simply to learn all that I might and be all that I can possibly be. I am constant in my desire for new understanding and a challenge greater than the last. It is my belief that through effort, diligence, and thirst to learn, one will surely find success.
