## ***Work Experience***

Before becoming a full-time translator, I worked for 19 years in the tourism industry at a number of firms. Primary responsibilities involved providing travel planning and logistics for individual travelers, both for leisure and business travel, as well as coordinating complex group travel, including convention travel. Additionally, coordinated events, especially in the medical and energy fields.

- Anticipated and delivered on varied customer needs.
- Consistently met or exceeded customer expectations.
- Routinely provided outstanding problem-solving skills to satisfy customer expectations

Prior to work in the tourism industry, after my graduation as a computer engineer, I worked both in the technological development and support areas of a Department store.
