PROFILE

After a few years working for big companies in Brazil, I decided to freeze my office career to pursue my dream of living abroad in a different culture. I moved to Dublin at the beginning of 2018 and since then I'm still living in Europe, where I consider my home.

In 2020 I started freelancing as a translator and simply loved the challenge. I got a few small projects to work on and I'm compensating my short experience with my passion to work with languages and specific knowledge. Count on me for your future project.
